CONTENT PILLAR FRAMEWORK

Educate (30%)	"Teach [audience] one actionable thing about [topic]. Use a clear hook, 3 bullet tips, and end with a question."
Inspire (20%)	"Write an inspirational post about [lesson/story]. Start with a personal insight. End with a takeaway."
Entertain (20%)	"Write a relatable/funny post about [common struggle in your niche]. Use a conversational, human tone."
Promote (15%)	"Write a post promoting [product/service]. Lead with a customer result, not a feature. Include a clear CTA."
Engage (15%)	"Write a question post that sparks debate or discussion about [controversial/interesting topic in your niche]."

PLATFORM-SPECIFIC AI PROMPTS

LinkedIn	"Write a LinkedIn post about [topic] in a first-person professional tone. Start with a bold statement. 150 words max. End with 3 relevant hashtags."
-----------------	--

Instagram	"Write an Instagram caption for a photo of [describe image]. Tone: [fun/inspiring/educational]. Include a question + 10 hashtags."
Twitter/X	"Write 5 tweet variations about [topic] under 280 characters. Mix: one question, one stat, one hot take, one tip, one thread hook."
Facebook	"Write a Facebook post for [audience] about [topic]. Conversational tone, 100 words, end with a question to drive comments."
TikTok/Reels	"Write a script for a 60-second TikTok video about [topic]. Include: hook (0-3s), problem (3-15s), solution (15-50s), CTA (50-60s)."
YouTube	"Write a YouTube video description for a video about [topic]. Include: hook sentence, 3-bullet summary, timestamps placeholder, and 5 keywords."

30-DAY CONTENT CALENDAR — QUICK PLAN

Week 1	Educate your audience	3 tips posts, 2 how-to posts, 1 myth-bust, 1 tool recommendation
Week 2	Build trust & credibility	2 case studies, 2 testimonials, 1 behind-scenes, 1 story, 1 stat post
Week 3	Entertain & engage	2 relatable posts, 2 questions, 1 poll, 1 hot take, 1 trend
Week 4	Promote & convert	2 product posts, 1 offer, 1 FAQ, 1 comparison, 1 social proof, 1 CTA

Pro Tip: Batch-create 30 days of content in one sitting using AI. Use ChatGPT to generate all posts, Canva AI for visuals, and Buffer to schedule everything. This takes 3-4 hours and saves you daily stress.
